

ELMA YUSUF

Web Developer

elmay7799@gmail.com · +234 905 023 0043 · Abuja, Nigeria · github.com/Elma731 · [LinkedIn](#)

PROFILE

My name is Elma Yusuf and I am a driven web developer and Civil Engineering student at Nile University, Abuja. Since 2024, I have independently built professional-grade websites across hospitality, law, fashion, fintech, cybersecurity and real estate among others. I am available for freelance projects serving local Nigerian businesses and international clients.

SKILLS

- HTML5, CSS3, Bootstrap 5 — responsive, mobile-first web design
- JavaScript — DOM manipulation, localStorage, animations, ApexCharts
- Git & GitHub — version control and deployment via GitHub Pages
- UI/UX — typography, color theory, cross-device testing
- Currently learning: Advanced JavaScript, React.js
- Transferable: analytical thinking, problem solving, technical documentation

PORTFOLIO

View my full portfolio of projects at: elma731.github.io/ElmaYusuf-Portfolio

Six live projects including a crypto analytics dashboard, a corporate law firm website, a luxury fashion e-commerce site, a SaaS landing page, a real estate platform and a restaurant website.

EXPERIENCE
